

Date: 2024/12/05

To whom it may concern, Certificate of service for:

Glory Binkatabana.

This letter is to confirm that Glory served on the Student Representative Council (SRC) of Belgium Campus iTiversity in 2024.

- Position: Member of the Events Department

The main responsibilities for the departments include:

- Assisting and creating events from the SRC and students alike.
- Helping ensures events stay as intended.

As a member of the SRC Glory helps in all events, and even came up with a few by himself such a games night tournament. He was close to many different students and was in a special position to understand what most students would like to do.

The events department is tasked with the duty of creating events that cater to many students and their interests and most of the time this is an impossible task as catering to the individual needs of people let alone students is an impossible task. But he endeavored to accommodate them all with the single goal of ensuring as many students enjoyed an event and even doing his best to get many students to participate in events and activities despite their resistance to trying something out of their comfort zone.

This is even seen as he suggests ideas to make student lives easier in terms of their examination, having started an initiative to get students access to their tests and other material before examinations and even try to increase the number of extra classes for students who try need it.

Glory is an individual who ensures nothing gets in his way of being himself and makes sure that his personality is seen through all his tasks, ensuring they all have a piece of him in it.

Thus, this letter is written to acknowledge the hard work and contribution Glory Binkatabana brought to the SRC of 2024.

This document has been **APPROVED** and **SIGNED** by the following parties of Belgium Campus ITversity.

A handwritten signature in black ink, appearing to read 'Marrengane', written over a horizontal line.

Njabulo Marrengane

SRC PRESIDENT 2024
